Currently under construction and scheduled for completion by the end of 2026, this beautifully appointed contemporary-style home is designed to offer a refined blend of modern architecture, functional living spaces and elevated interior finishes. The home features 3 bedrooms, 3.5 baths, club room and split 3-car garage. The Contemporary exterior elevation sets the tone from the moment you arrive, complemented by an impressive double-door entry that opens into a bright, well-planned interior. At the center of the home, the expansive great room offers a comfortable and inviting gathering area, enhanced by a built-in bar and wide sliders that open directly to the covered lanai, allowing indoor and outdoor living to connect with ease. The adjoining dining area is equally well designed, featuring an elegant tray ceiling, additional recessed lighting, and large windows that fill the space with natural light. The kitchen is crafted for both style and function, showcasing Level 3 quartz countertops, a full quartz backsplash and a large center island with a substantial 2.5-inch edge that provides generous workspace and a natural place to gather. A spacious prep pantry adds convenient storage and organization, while the Profile appliance package includes a 42-inch refrigerator and a 36-inch gas cooktop accented by a custom cabinet hood for a clean, built-in look. Privately positioned away from the main living areas, the primary suite offers a quiet retreat with a large walk-in closet and a well-appointed bath featuring split vanities, a soaking tub, and a walk-in shower. Each secondary bedroom is designed with comfort in mind and includes its own walk-in closet, while bedroom 2 also offers a private bath, making it ideal for guests or family members seeking added privacy. The club room provides valuable flexible living space that can serve as a media room, lounge, home office, or additional area for entertaining. Throughout the main living areas, bedrooms, and den 8x40 vintage matte tile creates a seamless and cohesive flow, adding warmth, durability, an[...]
