

Green Features

September 2011

-  Air Condition units using the environmental sound PURON refrigerant system are installed in every home.
-  High efficiency 14 SEER air conditioning systems partnered with digital programmable thermostats in each new home.
-  ENERGY STAR® rated General Electric Appliances including GE ENERGY STAR® multi cycle Dish washer and GE ENERGY STAR® SIDE BY SIDE REFRIGERATOR.
-  Exterior Glazing including single hung, and fixed windows and sliding glass doors are factory tinted, Low E Insulated Glass, to reduce and reflect heat from entering the home.
-  Most GHO Communities featured water conserving irrigation systems which recover rainwater from the community lakes for complete site landscape watering.
-  GHO Homes installs MOEN faucets featuring flow-optimized aerators and showerheads that use 32% less water without sacrificing performance.
-  Suggested Option: Block Wall Foam Core Filled - improved air quality, reduced energy bills, enhanced weather protection and sound reduction available on all new homes, included on limited inventory homes.
