good morning Mr. Handler. As usual I just met another new employee Rich who does repairs and he is extremely good

very efficient very polite and extremely responsive

I was very pleased to find that Julio was promoted he is a very good person and extremely knowledgeable and I see that Danny has now moved up and he is also very good

I have to congratulate you for having the gift to find and secure such qualified people this is true no matter who i talk to in your staff

Thank you for your support with respect to my home and I wish you the best for the coming year

Joe
